Published Intellectual Contributions

Refereed Journal Articles

Adkins, D. (2024). Impact of Regulatory Interventions and Transitions on Broker-Dealer Audit Quality. *Journal of Theoretical Accounting Research*, 19(2). <http://jtar.org/>

Intellectual Contributions in Submission

Refereed Journal Articles

Adkins, D. The Influence of Non-Audit Services on PCAOB Inspection Attributes. *Current Issues in Auditing*. <https://aaahq.org/Research/Journals/Current-Issues-in-Auditing>

Research Currently in Progress

"Cybersecurity Big Ideas to Infuse in Accounting Curriculum (unofficial title)" (Writing Results). The purpose of the study is to identify the most important cybersecurity topics to infuse into accounting curriculum using accounting-related certification examinations. The theoretical basis of this study is the Backward Curriculum Design Model.

"Cybersecurity Curriculum Learning Objectives and Activities for Accounting Programs (unofficial title)" (On-Going).

The study's aim to provide accounting educators with a framework and learning objectives that infuse cybersecurity-related learning goals throughout the accounting curriculum. Best practices are gleaned from a literature review of information security curriculum journals.

"Survey of Public Accounting Firms on Cybersecurity-related Services (unofficial title)" (On-Going).

Survey of current public accounting practitioners on their cybersecurity-related activities and services.
