Introduction

The University's Strategic Plan reflects a commitment to providing high quality living and learning environments for Students, Faculty, Staff and visitors. Auburn University at Montgomery (AUM) sits on approximately 516 acres. In 1971 AUM relocated to east Montgomery and opened with two buildings and continues to build today. AUM has 52 buildings/structures. The majority of the campus buildings are constructed of concrete frame, brick veneer, and flat built up roofs.

Using the building classifications defined by the Alabama Commission of Higher Education (ACHE), AUM has 9 distinct building classifications. ACHE classifications used at AUM are; Classroom/Educational, Laboratory, Library, Gymnasium, Student Center, Utility Plant, Facilities Shop, Residence, and Warehouse/Storage/Other. Table 1 illustrates the % SQFT per category (Appendix 1 ACHE comprehensive Facility Category Codes).

Table 1 Building Classification

Code	Classification	Total SQFT	Percentage SQFT
1	*Classroom/ Educational*	390,801	34.70%
2	*Laboratory*	8,441	0.75%
4	*Library*	78,454	6.97%
5	*Gymnasium*	127,384	11.31%
8	*Student Center*	134,091	11.90%
9	*Utility Plant*	12,972	1.15%
10	*Facilities Shop*	5,925	0.53%
13	*Residence*	348,384	30.93%
15	*Warehouse/Storage/Other*	19,935	1.77%
	Total	**1,126,387**	**100.00%**

Auburn University at Montgomery maintains dedicated facilities needed to deliver instructional academic content. The university offers these instructional programs within 12 buildings (including athletic instructional venues) that collectively house 56 classrooms, 18 labs and 38 specialized classrooms/labs. Examples of specialized classrooms/labs are; art studios, communication labs, computer program labs, curriculum labs, english writing labs, math labs, theater, etc. The scheduling of these spaces are decentralized and managed by the various Colleges throughout the campus. Changes to these spaces must be presented to the university Space Planning Committee. The current university inventory of academic instruction spaces is below.

Table 2 Room Classification

Building Name	Specialized Classroom Space	Lab Space	Classrooms
Taylor Center	3	0	0
Clement Hall	0	4	14
College of Education	3	0	8
Goodwyn Hall	10	11	20
Moore Hall	6	0	6
Liberal Arts Technological Wing	5	1	0
College of Liberal Arts	3	0	4
Liberal Arts Annex	2	0	0
Ida Belle Young Library Tower	1	1	0
Athletic Complex	3	0	0
The Nest	0	1	0
Wellness Center	2	0	4
	38	**18**	**56**

Additionally, the university operates one large computer center/lab managed by the Office of Information Technology Services and two additional program support services areas (The Warhawk Academic Success Center located in the Ida Belle Young Library Tower and The Instructional Support Lab in Goodwyn Hall).
