

CLIFFORD & VIRGINIA DURR
Lecture Series 2015

WHY PEACE IS POSSIBLE

Exploring the Anatomy
of Violence and War

MARCH 29, 2015 • 5:30 P.M.

Paul K. Chappell

Paul K. Chappell is the Peace Leadership Director of the Nuclear Age Peace Foundation. After graduating from West Point in 2002, he served in Iraq before leaving the army in 2009 as a captain.

Since his war experience, Chappell has become an internationally recognized speaker on waging peace. He is the author of five books: *Will War Ever End? A Soldier's Vision of Peace for the 21st Century* (2009), *The End of War: How Waging Peace Can Save Humanity, Our Planet, and Our Future* (2010), *Peaceful Revolution: How We Can Create the Future Needed for Humanity's Survival* (2012), *The Art of Waging Peace: A Strategic Approach to Improving Our Lives and the World* (2013), *The Cosmic Ocean: New*

Answers to Big Questions (forthcoming, 2015). These works are the first in a projected seven-book series on ending war and waging peace.

He teaches a graduate course on Peace Leadership at the University of San Diego School of Leadership and Education Sciences. Additionally, he teaches the two- and three-day workshop Peace Leadership Course: How to Wage Peace and Promote Justice.

Born in Alabama to a half-black, half-white father who fought in Korea and Vietnam, and to a Korean mother, Chappell draws on his own experience with violence and war to project a vision for ending war and living a life of purpose and hope.

Auburn University at Montgomery is pleased to honor the memory of Clifford and Virginia Durr with the Durr Lecture Series on civil liberties. As the metropolitan campus of a land-grant university, AUM blends the traditional view of the university as a community of scholars with the contemporary view of the university as an integral part of the surrounding community, state and region. AUM's mission is to foster and exemplify excellence in education through instruction, research and service to provide academic programs that are characteristic of the finest traditions of the liberal arts, business, sciences, nursing and education. AUM encourages open and free inquiry and seeks to instill in its students ways of thinking, communicating and learning that will be of enduring value.
