

Project Title, Font Size 96

Student Name(s), Font Size 80

Notes (delete this box before printing):

1. No Logos allowed
2. Feel free to adjust the box sizes/locations as needed and update the poster background
3. Posters should have ~ 50% text and 50% images

Introduction, Title Font Size 48-72

- General background info
- Use bullets and/or pictures
- Adjust box size as needed to fit your information
- Text Font 40

Hypothesis or Problem Statement, Title Font Size 48-72

- State your hypothesis if doing a Science Project or problem statement if doing an Engineering Design Project clearly
- Adjust box size as needed to fit your information
- Text Font 40

Background, Title Font Size 48-72

- Summarize 2-3 previous research papers or books
- Cite references **above** the notes (MLA style preferred)
- Adjust box size as needed to fit your information
- Text Font 40

Results & Discussion, Title Font Size 48-72

- Describe findings in relation to goals
- Use charts, tables, and labeled graphics with captions
- State whether hypothesis was supported or refuted

Each figure (pictures, charts and graphs) must have a caption below indicating where the image came from and who made it (see examples below)

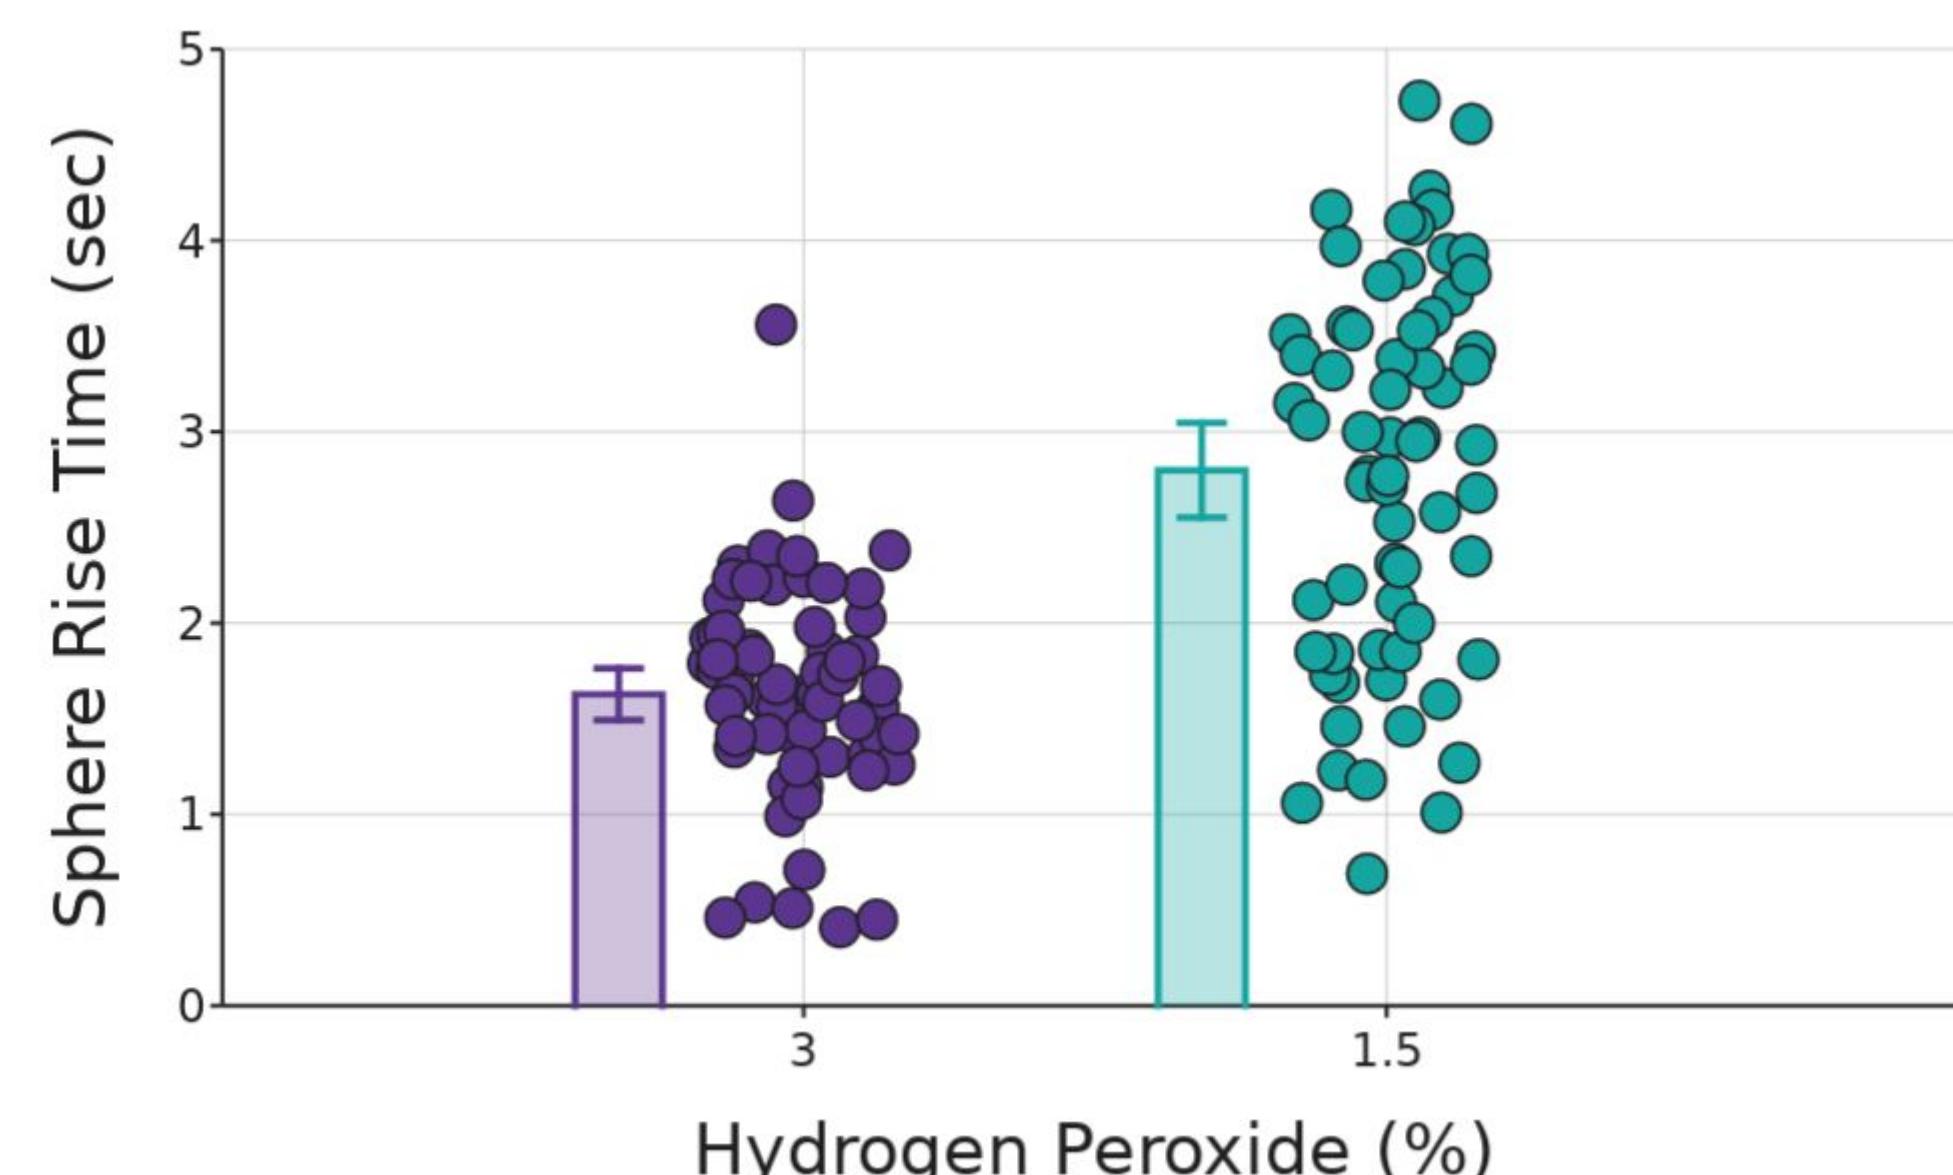

Figure 1. Time that yeast alginate spheres take to rise to the top of a 1-inch tall beaker when dropped into a 1.5% hydrogen peroxide solution as compared to a 3% solution. Bars the mean and error bars above and below show 95% confidence interval. Graph created by R. Reardon using DataClassroom. Font 32.

Figure 2. Golden retriever puppy sniffing dry dog food. Photo taken from Adobe Stock File (stock.adobe.com image #23797774). Font 32.

Methods & Materials, Title Font Size 48-72

- Describe how your approach was developed
- Include graphics/flowcharts
- List controls and variables
- Explain student vs. mentor roles
- Adjust box size as needed to fit your information
- Text Font 40

Applications, Title Font Size 48-72

- Bulleted list of real-world applications or implications
- Adjust box size as needed to fit your information
- Text Font 40

Conclusions, Title Font Size 48-72

- Bulleted list summarizing goals, methods, findings, and importance
- Adjust box size as needed to fit your information
- Text Font 40

Future Research, Title Font Size 48-72

- Bulleted list of ideas for continuing the project
- Adjust box size as needed to fit your information
- Text Font 40

Acknowledgements, Title Font Size 48-72

- Thank teachers, mentors, and research host sites
- Adjust box size as needed to fit your information
- Text Font 40
