2022

Counselor Education ~ Auburn University at Montgomery

The processes below detail the steps in the Comprehensive Assessment Plan for the Counselor Education Program at Auburn University at Montgomery. The assessment plan addresses both the continuous systematic program evaluation processes as well as the assessment of student learning outcomes processes. The assessment plan is related to the *AUM Counseling Program Objectives* (see page 9 & referenced in each section under, “Level & Related to Program Objectives”) and detailed at both the curricular experiences and overall program level in relation to assessing direct evidence of student learning.

The Comprehensive Program Evaluation is displayed by year on the Counselor Education webpage and gives the actual findings for this plan every year.

AGGREGATE ASSESSMENT OF STUDENT SUCCESS (2.E.1.)			
Evaluation Activity	Description	Scheduled	Level & Related to Program Objectives
1. AQI – Key Performance Indicators (KPI)	Students are evaluated for their performance on the CACREP KPI academic outcomes and dispositions on the LiveText system developed for that class. An annual aggregation of this data is reviewed for overall program improvement.	Individually – Mid-term and end of each semester Aggregated – Spring Semester Data meeting	(D.E.1. & 2.) Individual Student and Systematic program evaluation
			Program Obj: 2 - 4, 6 – 7, & 10
Minimum Thresholds: Student individual thresholds are set a 70% or a “Basic” on the KPI Rubric (see below). Thresholds for overall program evaluation is set at 80% of students are performing at no less than the “Competent” level for each KPI area.			
Means of Collection & Assessment: The AUM Counseling Program faculty evaluate Students individually regarding CACREP outcomes through their submissions via the LiveText (or AUM Internal Excel Evaluation after Fall 2025) online system. The AUM Counseling Program faculty evaluate the aggregated data for each year for overall program performance.			
Results: Student work is evaluated on CACREP outcomes for each class on a 4-point scale comprised of the following: (1) Unsatisfactory, (2) Basic, (3) Competent, and (4) Exceptional. The professor uses these outcomes to guide the individual student. The annual aggregate of all these evaluations is used for program improvement.			
Outcomes: 80% of the overall student performance was in the KPI’s common to all students all scores fell in the Competent or Exceptional range.			
Likewise, the KPI’s specific to Clinical Mental Health Counseling students and those specific to School Counseling students, 80% of the overall student performance fell in the Competent or Exceptional range.			
For the KPI’s specific to School Counseling students, all student scores fell in the Competent or Exceptional range.			
See the “Exhibits and details” section for more detailed information.			
Dissemination: After the students submit their work to the LiveText system for evaluation. The results of their evaluation are available to them on-line through LiveText or by instructor contact.			
The aggregate of the scores is made available to faculty through the LiveText (or AUM) system and were reviewed in the annual faculty data meetings by the Department Head and faculty for any remediation.

2. AQI – Professional Dispositions (aka Faculty Review of Student Performance)	Students' academic skills, clinical skills, ethical and professional behavior and personal characteristics are assessed by all counseling faculty.	Individually – End of the Fall semester or upon concern Aggregated – Spring Semester Data meeting	Individual Student and Systematic program evaluation (2.E.1) Program Obj: 2, 3, 6 – 8, & 10
Minimum Thresholds: Student individual thresholds are set a 50% (or 25 points) according to the point spread indicated below in “Data, Measures & Formats.” Note: if the student’s Clinical Skills are rated “N/A” (or not assessed) their threshold would be 50% (or 19 points). The aggregated threshold for program evaluation is 50% overall student performance. Results: The AUM Counseling Program faculty meet at the end of the Fall semester to evaluate Students in the areas of academic skills, clinical skills, ethical and professional behavior and personal characteristics. Individual faculty may reach out at any time during the semester if a student appears to be struggling or underperforming in any area. The student is ranked by consensus vote of the counseling faculty in the above-mentioned areas as (1) Strength (2 pts), (2) No Concern (1 pt), (3) Concern (zero), or (4) N/A. A score of 25 to 50 is Recommended for continuance in the program. A score of less than 25 will result in provisionally Recommend, Remediate, or Do not recommend. Individual areas may be remediated as needed. Based on the results of the review, the faculty determine if student is recommended to continue in the program by voting in the following manner: (1) Recommend, (2) Provisionally recommend, (3) Remediate, or (4) Do not recommend. The overall student performance in Professional Dispositions as well within the “No Concern” or “Strength” levels for over 50% of the students for the years the 2022 year. Note the chart in the “Exhibits and details” section for more detailed information ranges from strength to concern in that order. All students were recommended for continuance in the program the 2022 year. One student was provisionally recommended. See the “Exhibits and details” section for more detailed information. Remediation of unmet Thresholds: no remediation was needed for 2022. Dissemination: Students are advised of their results through direct contact by their instructor to correct areas of performance or through formal remediation. The annual cumulative results of this survey are included anonymously with other data sources placed on the Program Web page at https://www.aum.edu/degree/masters-eds-school-clinical-mental-health-counseling/
